LETTER OF APPRECIATION

NIB School of Science extends its heartfelt appreciation for the outstanding initiative taken by S.P.B. Patel Engineering College in organizing a program aimed at road user safety.

The session conducted on April 26th, 2019, to educate students about the significance of road user safety was truly commendable. Your dedication to empowering young minds with knowledge about road users, including both drivers and pedestrians/cyclists (the so-called 'vulnerable road users'), was evident. Their behavior represents the area with by far the biggest potential for improving road safety.

The program provided invaluable insights into the appropriate behavior and attitudes of road users. The younger generation must be aware of their limitations, the dangers of speeding or texting behind the steering wheel, and the influence of alcohol or drugs on their ability to drive. By engaging our students in meaningful discussions and activities, you have made a significant impact.

We commend S.P.B. Patel Engineering College for its unwavering commitment. Your efforts have undoubtedly inspired us.

APPRECIATION LETTER

I am pleased to convey warm greetings on behalf of NIB School of Science to express our genuine appreciation for the significant contribution made by Saffrony Institute of Technology to enhance our students' learning experience on the topic of Mobile Addiction.

The session held on January 18th 2020, which spanned 3 to 4 hours, proved to be a valuable experience for the 450 students present in campus. Your commitment to addressing the pressing issue of mobile addiction and its potential impact on the lives of students is commendable. The information shared and discussions facilitated during the session undoubtedly contributed to enhancing the awareness and understanding of this significant societal concern.

We were particularly impressed by the engaging and interactive nature of the session, which fostered a positive learning environment for the students.

It is heartening to witness educational institutions collaborate in such a manner to provide students with valuable life lessons beyond the traditional academic curriculum. The dedication of Saffrony Institute of Technology in addressing contemporary challenges faced by students is noteworthy and aligns with our shared commitment to nurturing well-rounded individuals.

APPRECIATION LETTER

I extend warm greetings to you on behalf of Adijati Kanya Ashramshala, Banaskantha, to express our sincere gratitude for the valuable session conducted by Saffrony Institute of Technology on January 22, 2022, regarding mobile addiction, spanning 3 to 4 hours.

The interactive life learning session on Mobile Addiction proved to be insightful and impactful, addressing a critical issue that affects the well-being of individuals in today's digital age.

We appreciate the comprehensive and engaging content shared during the session, providing our 375 students with practical insights and strategies to manage and overcome mobile addiction. The session's relevance to their daily lives and its potential to positively influence their habits were particularly commendable.

We would like to express our sincere gratitude to the entire team at Saffrony Institute of Technology for sharing your expertise and facilitating a session that was both educational and inspiring. Your dedication to fostering a healthier digital lifestyle aligns with our mission to empower our students with essential life skills. We believe that such initiatives contribute significantly to their personal development and overall well-being.

SUB: Words of Gratitude for Your Online Expert Session on Quality Management

Respected Sir,

On behalf of everyone at Mechanical Engineering Department of Government Polytechnic- Bhuj, I would like to thank you for your very informative online expert session on Recent Advancements in CAD/CAM which was organized on 12th January, 2021. Students got a chance to know about latest trends in CAD/CAM software's used in industries. It was a very beneficial session for our students. I sincerely extend my gratitude for your generous guidance and sharing your expertise ideas on Recent Advancements in CAD/CAM. Thank you very much.

With all kind regards

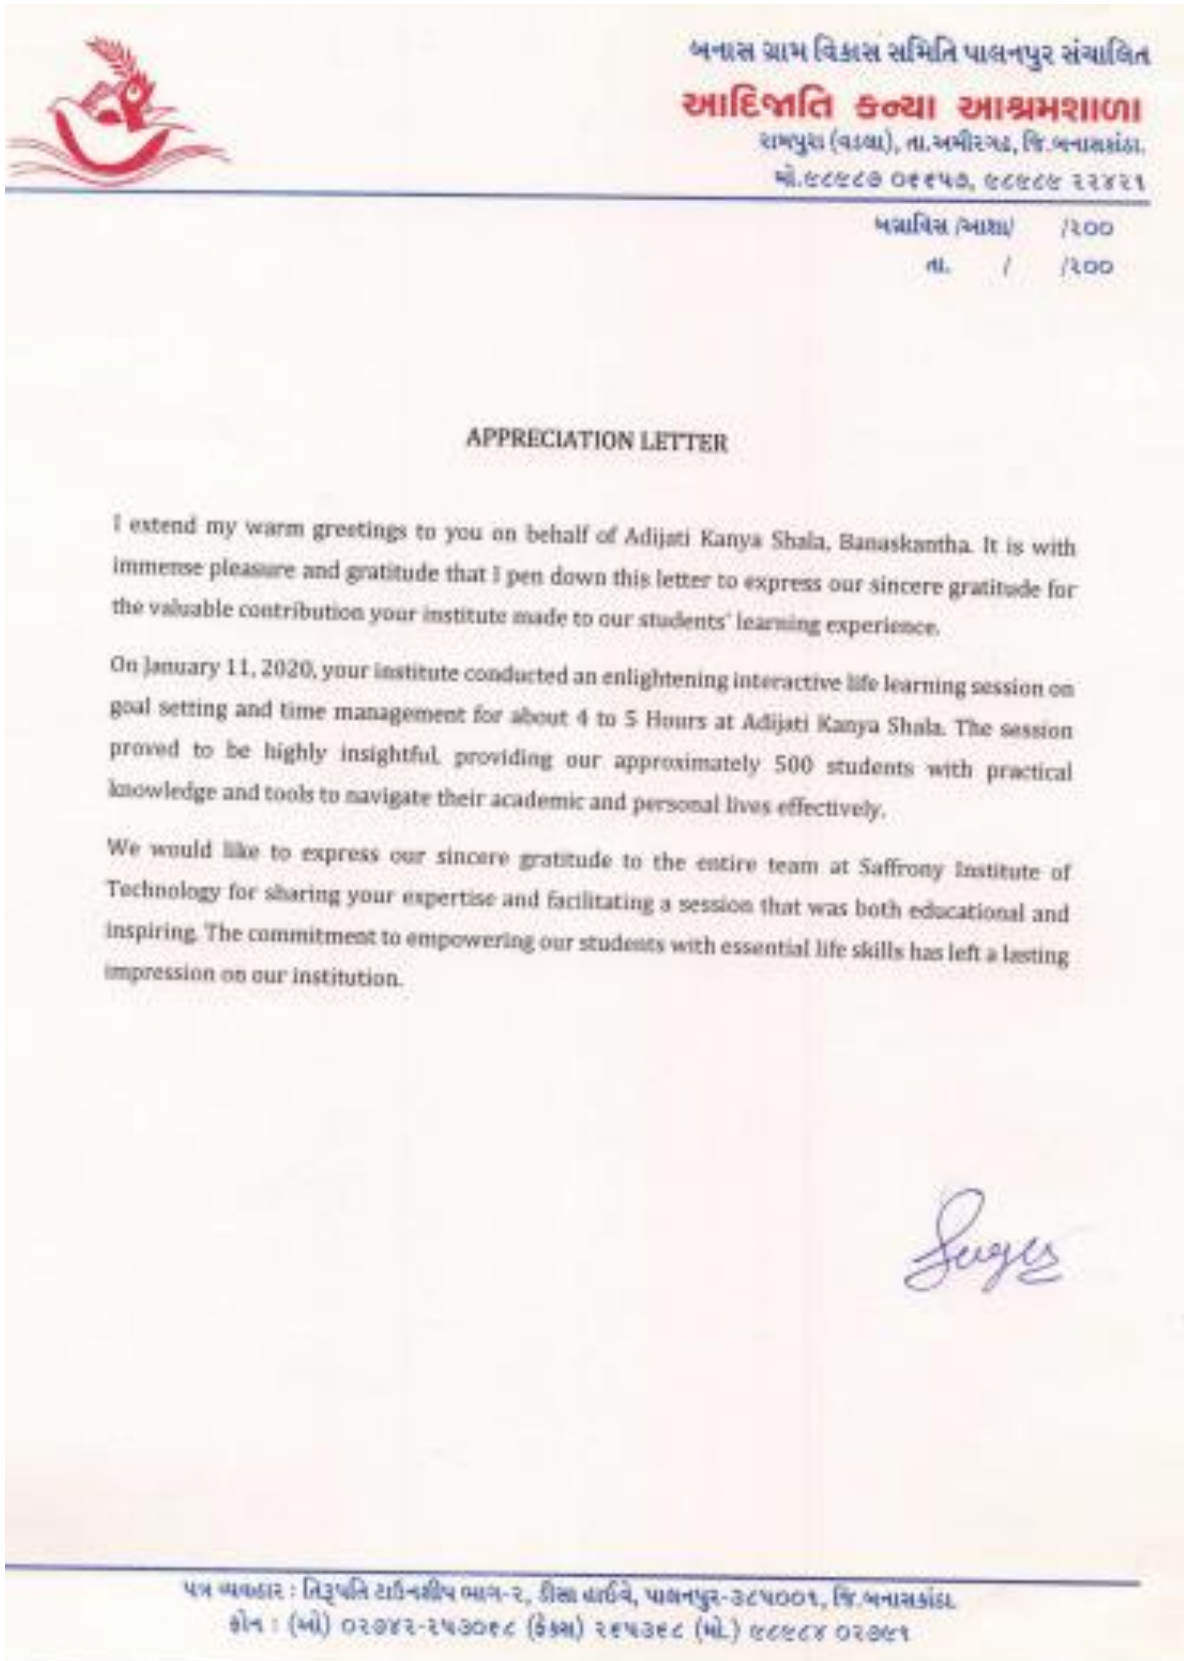

Yours faithfully,

APPRECIATION LETTER

On behalf of NIB School of Science, I extend my sincere appreciation for the enlightening and interactive life learning session conducted by Saffrony Institute of Technology on goal setting and time management.

The session, held on December 17th, 2022, spanning a commendable 2 hours, proved to be an invaluable experience for the 400 students who actively participated. Your commitment to addressing the crucial aspects of goal setting and time management is commendable and aligns seamlessly with our mission to equip our students with essential life skills.

The content delivered and the interactive nature of the session captivated the attention of the students, providing them with practical insights and tools to enhance their goal-setting abilities and time management skills. Your expertise in facilitating a dynamic and engaging learning environment did not go unnoticed, and the positive impact on our students is evident.

We appreciate the collaborative spirit and dedication demonstrated by Saffrony Institute of Technology in contributing to the holistic development of our students. Such sessions are instrumental in preparing them for future challenges and instilling a sense of purpose and efficiency in their academic and personal pursuits.

Skill Development Workshop for Unemployed Youth

Date: 16-9-2020

Time: 10:00 AM to 1:00 PM

Location: Utkarsh Vidhyalay, Mehsana

Students Participated: 75

Faculty Involved: 5

Organized by: Saffrony Institute

Introduction:

The Skill Development Workshop for Unemployed Youth, an initiative by Saffrony Institute, successfully concluded on 16th September 2020, at Utkarsh Vidhyalay, Mehsana. This report outlines the key components, achievements, and future plans of this impactful endeavor.

Overview:

During this activity, Saffrony Institute collaborated with a nearby Mehsana School, Utkarsh Vidhyalay to extend the reach of the skill development workshops. The objective was to empower a larger number of unemployed youth with the skills necessary for improved employment prospects.

Variety of activities:

To cater to diverse interests and career paths, a variety of activities were organized covering essential skills such as resume building, interview techniques, and practical vocational training. This approach ensured participants gained a well-rounded skill set applicable to various job sectors.

Collaboration with Local Businesses:

Recognizing the importance of industry connections, the institute collaborated with local businesses to understand specific skill requirements. This collaboration facilitated the design of workshops tailored to the needs of the local job market, thereby increasing the employability of workshop participants.

**Hands-On Training Sessions:**

The workshops incorporated hands-on training sessions, providing practical experience through simulated job interviews, real-world problem-solving exercises, and interactive activities. These elements aimed to reinforce the skills learned during the workshops.

Measurable Impact:

Regular assessments were conducted to measure the impact of the skill development workshops. Positive outcomes included increased confidence among participants, improved job-seeking skills, and a higher rate of successful job placements.

Participant Success Stories:

The impact of the workshop was further highlighted through success stories of participants who secured employment or advanced their careers after attending the sessions. These success stories serve as inspiration for others, emphasizing the tangible benefits of the initiative.

Feedback and Continuous Improvement:

Feedback from the 75 participating students and 5 faculty members played a crucial role in refining the approach. Through surveys and discussions, valuable insights were gathered on the effectiveness of the workshops, leading to continuous improvements to better meet the needs of the unemployed youth.

Conclusion:

The Skill Development Workshops for unemployed youth at schools, led by Saffrony Institute, has positively contributed to the community's welfare. The measurable impact, success stories, and continuous improvements demonstrate the effectiveness of this initiative in addressing unemployment challenges. As the journey continues, the institute remains dedicated to empowering more individuals with the skills needed for a brighter and more secure future.
