Memorandum of Understanding

This Memorandum of Understanding (MOU) is made and entered into on this day 01st April 2016 between S.P.B. Patel Engineering College, Ahmedabad-Mehsana Highway, Linch, Mehsana 384435 (Saffrony Institute of Technology - SIT) and Amin Infomark Pvt. Ltd. having its main office at Little Collins St, Melbourne, VIC 3000, Australia.

Whereas both the parties hereto have shown their willingness to enter into an MOU with the following objectives, mainly to enhance the quality of industry-academic engagement:

1. Objectives

- 1.1 Amin Infomark Pvt. Ltd. and SIT will on reciprocal basis provide guest lectures and training to their respective student on special topics of mutual interest.
- 1.2 To organize joint workshops, seminars, and programmes on subjects of contemporary interest in various fields of technology in various domains of engineering.
- 1.3 Based on research areas jointly identified, few interested students from the institute can take it as their research projects at UG level. The research projects could be carried out at SIT or at Amin Infomark Pvt. Ltd. locations in India.
- 1.4 Based on the themes / challenges / issues identified by Amin Infomark Pvt. Ltd., a lecture series may be organized by calling experts (in house and outside). Industry experts could also be invited by SIT with an aim to fill the gap between curriculum and industry practices.
- 1.5 SIT would support Amin Infomark Pvt. Ltd. in research relating to operations / troubleshooting.
- 1.6 SIT will provide intellectual support for any event organized/sponsored by Amin Infomark Pvt. Ltd. and also work as knowledge partner in areas of mutual interest subject to prior consent of both parties.
- 1.7 Amin Infomark Pvt. Ltd. to support training for SIT students at its various locations and group entities at mutually convenient time.
- 1.8 Amin Infomark Pvt. Ltd. would provide industrial training (also called Industry Defined Project) and assign short-term project work to SIT students of various disciplines/branches of engineering.
- 1.9 Amin Infomark Pvt. Ltd. would support and advise SIT in aligning the academic curriculum to match industry expectations.
- 1.10 Amin Infomark Pvt. Ltd. would give an opportunity to SIT students for On Campus Interview selection with respect to Amin Infomark Pvt. Ltd.'s manpower requirements for hiring Engineering graduates.

2. Obligations

- 2.1 This MOU between SIT and Amin Infomark Pvt. Ltd. shall not be exclusive to both parties and shall not disallow each party from having similar understanding with others.

- 2.2 Each party shall respect the other's intellectual property and shall not use any trade name, trade mark, symbol or designation belonging to the other, to the detriment of the other. No party shall hold out as an agent or representative of the other or create any liability for the other.
- 2.3 Both parties shall maintain confidentiality about any information, course material, plans, discussions, strategies, or any material, which shall be deemed to be confidential and marked accordingly. Any information, course material or the like in the public domain shall not be part of this commitment.

3. Limitations & Warranties

- 3.1 Each party shall ensure that the other is not put to any liability for any act of the respective party.
- 3.2 Each party represents that they have the full power and authority to enter into this MOU in general.

4. Validity

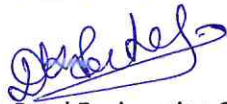

This MOU will be in effect from 01st April 2016 to 31st March 2019. At least one month intimation be given to other party as goodwill gesture prior to revoking the MOU.

5. General

Both parties will designate a representative from its side who will be the primary point of contact on behalf of that party.

By signing below the parties acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the date of signing of this MOU.

Memorandum of Understanding Summary

This document summarizes the collaboration between Amin Infomark Pvt. Ltd and S.P.B. Patel Engineering College under the Memorandum of Understanding (MoU) valid from April 1, 2016, to March 31, 2019. During this period, two significant internship programs were carried out. The first was held from June 18, 2018, to June 23, 2018, with 13 students participating. The second internship took place from September 2, 2019, to September 7, 2019, also involving 13 students. The MoU facilitated various collaborative efforts aimed at providing practical exposure to students.

Expert Session Report: Hydraulic Systems and Industrial Uses

- **Date:** February 1st, 2017
- **Expert:** Mr. Dipak Dadiya
- **Host:** Pipefit Engineers Pvt. Ltd.
- **Topic:** Expert Session on Hydraulic Systems and its Industrial Uses
- **Audience:** 25 Mechanical Engineering Students

Introduction:

On February 1st, 2017, Pipefit Engineers Pvt. Ltd. organized an expert session at S.P.B. Patel Engineering College on "Hydraulic Systems and its Industrial Uses." Mr. Dipak Dadiya led the session, which was attended by 25 students from the Mechanical Engineering Department. The session aimed to provide insights into hydraulic systems' functioning and their applications in various industries.

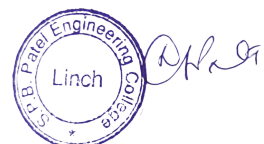

Key Discussion Points:

- **Fundamentals of Hydraulic Systems:** Mr. Dadiya elucidated the fundamental principles underlying hydraulic systems, including fluid mechanics, hydraulic components, and system design.
- **Industrial Applications:** The session delved into the wide-ranging industrial applications of hydraulic systems, such as heavy machinery, construction equipment, automotive systems, and aerospace technologies.
- **Practical Demonstrations:** Through practical demonstrations and case studies, students gained a practical understanding of hydraulic system operation, maintenance, and troubleshooting.
- **Safety and Maintenance:** Mr. Dadiya emphasized the importance of safety measures and regular maintenance practices to ensure optimal performance and longevity of hydraulic systems in industrial settings.

Interactive Learning:

The session encouraged interactive learning through Q&A sessions, discussions, and hands-on activities. Students actively participated, asking questions and engaging in discussions to deepen their understanding of hydraulic systems.

Conclusion:

S.P.B. Patel Engineering College
Linch

The expert session on "Hydraulic Systems and its Industrial Uses," led by Mr. Dipak Dadiya from Pipefit Engineers Pvt. Ltd., provided valuable insights into the practical aspects of hydraulic systems for the 25 Mechanical Engineering students at S.P.B. Patel Engineering College. The session enhanced their understanding of hydraulic technology and its applications in various industries, preparing them for future careers in mechanical engineering.

Memorandum of Understanding

This Memorandum of Understanding (MOU) is made and entered into on this day 2nd February 2017 between S.P.B. Patel Engineering College, Ahmedabad-Mehsana Highway, Linch, Mehsana 384435 (Saffrony Institute of Technology - SIT) and Ameer Construction having its main office at Ameer Ashram road, Godhra-389001.

Whereas both the parties hereto have shown their willingness to enter into an MOU with the following objectives, mainly to enhance the quality of industry-academic engagement:

1. Objectives

- 1.1 Ameer Construction and SIT will on reciprocal basis provide guest lectures and training to their respective student on special topics of mutual interest.
- 1.2 To organize joint workshops, seminars, and programmes on subjects of contemporary interest in various fields of technology in various domains of engineering.
- 1.3 Based on research areas jointly identified, few interested students from the institute can take it as their research projects at UG level. The research projects could be carried out at SIT or at Ameer Construction locations in India.
- 1.4 Based on the themes / challenges / issues identified by Ameer Construction, a lecture series may be organized by calling experts (in house and outside). Industry experts could also be invited by SIT with an aim to fill the gap between curriculum and industry practices.
- 1.5 SIT would support Ameer Construction in research relating to operations / troubleshooting.
- 1.6 SIT will provide intellectual support for any event organized/sponsored by Ameer Construction and also work as knowledge partner in areas of mutual interest subject to prior consent of both parties.
- 1.7 Ameer Construction to support training for SIT students at its various locations and group entities at mutually convenient time.
- 1.8 Ameer Construction would provide industrial training (also called Industry Defined Project) and assign short-term project work to SIT students of various disciplines/branches of engineering.
- 1.9 Ameer Construction would support and advise SIT in aligning the academic curriculum to match industry expectations.
- 1.10 Ameer Construction would give an opportunity to SIT students for On Campus Interview selection with respect to Ameer Construction's manpower requirements for hiring Engineering graduates.

2. Obligations

- 2.1 This MOU between SIT and Ameer Construction shall not be exclusive to both parties and shall not disallow each party from having similar understanding with others.

- 2.2 Each party shall respect the other's intellectual property and shall not use any trade name, trade mark, symbol or designation belonging to the other, to the detriment of the other. No party shall hold out as an agent or representative of the other or create any liability for the other.
- 2.3 Both parties shall maintain confidentiality about any information, course material, plans, discussions, strategies, or any material, which shall be deemed to be confidential and marked accordingly. Any information, course material or the like in the public domain shall not be part of this commitment.

3. Limitations & Warranties

- 3.1 Each party shall ensure that the other is not put to any liability for any act of the respective party.
- 3.2 Each party represents that they have the full power and authority to enter into this MOU in general.

4. Validity

This MOU will be in effect from 02nd February 2017 to 01st February 2019. At least one month intimation be given to other party as goodwill gesture prior to revoking the MOU.

5. General

Both parties will designate a representative from its side who will be the primary point of contact on behalf of that party.

By signing below the parties acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the date of signing of this MOU.

- 1.4 Based on the themes / challenges / issues identified by Shree Ankit Enterprises, a lecture series may be organized by calling experts (in house and outside). Industry experts could also be invited by SIT with an aim to fill the gap between curriculum and industry practices.
- 1.5 SIT would support Shree Ankit Enterprises in research relating to operations / troubleshooting.
- 1.6 SIT will provide intellectual support for any event organized/sponsored by Shree Ankit Enterprises and also work as knowledge partner in areas of mutual interest subject to prior consent of both parties.
- 1.7 Shree Ankit Enterprises to support training for SIT students at its various locations and group entities at mutually convenient time.
- 1.8 Shree Ankit Enterprises would provide industrial training (also called Industry Defined Project) and assign short-term project work to SIT students of various disciplines/branches of engineering.
- 1.9 Shree Ankit Enterprises would support and advise SIT in aligning the academic curriculum to match industry expectations.
- 1.10 Shree Ankit Enterprises would give an opportunity to SIT students for On Campus Interview selection with respect to Shree Ankit Enterprises's manpower requirements for hiring Engineering graduates.

2. Obligations

- 2.1 This MOU between SIT and Shree Ankit Enterprises shall not be exclusive to both parties and shall not disallow each party from having similar understanding with others.

2.2 Each party shall respect the other's intellectual property and shall not use any trade name, trade mark, symbol or designation belonging to the other, to the detriment of the other. No party shall hold out as an agent or representative of the other or create any liability for the other.

2.3 Both parties shall maintain confidentiality about any information, course material, plans, discussions, strategies, or any material, which shall be deemed to be confidential and marked accordingly. Any information, course material or the like in the public domain shall not be part of this commitment.

3. Limitations & Warranties

3.1 Each party shall ensure that the other is not put to any liability for any act of the respective party.

3.2 Each party represents that they have the full power and authority to enter into this MOU in general.

4. Validity

This MOU will be in effect from 15th September 2017 to 14th September 2020. At least one month intimation be given to other party as goodwill gesture prior to revoking the MOU.

5. General

Both parties will designate a representative from its side who will be the primary point of contact on behalf of that party.

By signing below the parties acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the date of signing of this MOU.

Memorandum of Understanding Summary

This document summarizes the collaboration between Shree Ankit Enterprises and S.P.B. Patel Engineering College under the Memorandum of Understanding (MoU) valid from September 15, 2017, to September 14, 2020. During this period, two significant activities were carried out. The first was an internship program from May 5, 2019, to May 15, 2019, with 10 students participating. The second activity was an expert session held on August 14, 2020, which saw participation from 37 students. The MoU facilitated various collaborative efforts aimed at providing practical exposure and expert knowledge to students. As of now, the MoU has concluded, and the partnership status is closed.

Mr. Ashit Mehta

Shree Ankit Enterprises

Memorandum of Understanding

This Memorandum of Understanding (MOU) is made and entered into on this day 01st January 2018 between S.P.B. Patel Engineering College, Ahmedabad-Mehsana Highway, Linch, Mehsana 384435 (Saffrony Institute of Technology - SIT) and Banas Gram Vikas Samiti having its main office at Prajapati Sankul, Near Kisan Oil Mill, Laxmipura, Palanpur-385001.

Whereas both the parties hereto have shown their willingness to enter into an MOU with the following objectives, mainly to enhance the quality of industry-academic engagement:

1. Objectives

- 1.1 Banas Gram Vikas Samiti and SIT will on reciprocal basis provide guest lectures and training to their respective student on special topics of mutual interest.
- 1.2 To organize joint workshops, seminars, and programmes on subjects of contemporary interest in various fields of technology in various domains of engineering.
- 1.3 Based on research areas jointly identified, few interested students from the institute can take it as their research projects at UG level. The research projects could be carried out at SIT or at Banas Gram Vikas Samiti locations in India.
- 1.4 Based on the themes / challenges / issues identified by Banas Gram Vikas Samiti, a lecture series may be organized by calling experts (in house and outside). Industry experts could also be invited by SIT with an aim to fill the gap between curriculum and industry practices.
- 1.5 SIT would support Banas Gram Vikas Samiti in research relating to operations / troubleshooting.
- 1.6 SIT will provide intellectual support for any event organized/sponsored by Banas Gram Vikas Samiti and also work as knowledge partner in areas of mutual interest subject to prior consent of both parties.
- 1.7 Banas Gram Vikas Samiti to support training for SIT students at its various locations and group entities at mutually convenient time.
- 1.8 Banas Gram Vikas Samiti would provide industrial training (also called Industry Defined Project) and assign short-term project work to SIT students of various disciplines/branches of engineering.
- 1.9 Banas Gram Vikas Samiti would support and advise SIT in aligning the academic curriculum to match industry expectations.
- 1.10 Banas Gram Vikas Samiti would give an opportunity to SIT students for On Campus Interview selection with respect to Banas Gram Vikas Samiti's manpower requirements for hiring Engineering graduates.

2. Obligations

- 2.1 This MOU between SIT and Banas Gram Vikas Samiti shall not be exclusive to both parties and shall not disallow each party from having similar understanding with others.

2.2 Each party shall respect the other's intellectual property and shall not use any trade name, trade mark, symbol or designation belonging to the other, to the detriment of the other. No party shall hold out as an agent or representative of the other or create any liability for the other.

2.3 Both parties shall maintain confidentiality about any information, course material, plans, discussions, strategies, or any material, which shall be deemed to be confidential and marked accordingly. Any information, course material or the like in the public domain shall not be part of this commitment.

3. Limitations & Warranties

3.1 Each party shall ensure that the other is not put to any liability for any act of the respective party.

3.2 Each party represents that they have the full power and authority to enter into this MOU in general.

4. Validity

This MOU will be in effect from 01st January 2018 to 31st December 2020. At least one month intimation be given to other party as goodwill gesture prior to revoking the MOU.

5. General

Both parties will designate a representative from its side who will be the primary point of contact on behalf of that party.

By signing below the parties acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the date of signing of this MOU.

Memorandum of Understanding

This Memorandum of Understanding (MOU) is made and entered into on this day 01st June 2018 between S.P.B. Patel Engineering College, Ahmedabad-Mehsana Highway, Linch, Mehsana 384435 (Saffrony Institute of Technology - SIT) and Accent Engineering & Design Services having its main office at 711, Haveli Arcade, Sector-11, Gandhinagar, Gujarat.

Whereas both the parties hereto have shown their willingness to enter into an MOU with the following objectives, mainly to enhance the quality of industry-academic engagement:

1. Objectives

- 1.1 Accent Engineering & Design Services and SIT will on reciprocal basis provide guest lectures and training to their respective student on special topics of mutual interest.
- 1.2 To organize joint workshops, seminars, and programmes on subjects of contemporary interest in various fields of technology in various domains of engineering.
- 1.3 Based on research areas jointly identified, few interested students from the institute can take it as their research projects at UG level. The research projects could be carried out at SIT or at Accent Engineering & Design Services locations in India.
- 1.4 Based on the themes / challenges / issues identified by Accent Engineering & Design Services, a lecture series may be organized by calling experts (in house and outside). Industry experts could also be invited by SIT with an aim to fill the gap between curriculum and industry practices.
- 1.5 SIT would support Accent Engineering & Design Services in research relating to operations / troubleshooting.
- 1.6 SIT will provide intellectual support for any event organized/sponsored by Accent Engineering & Design Services and also work as knowledge partner in areas of mutual interest subject to prior consent of both parties.
- 1.7 Accent Engineering & Design Services to support training for SIT students at its various locations and group entities at mutually convenient time.
- 1.8 Accent Engineering & Design Services would provide industrial training (also called Industry Defined Project) and assign short-term project work to SIT students of various disciplines/branches of engineering.
- 1.9 Accent Engineering & Design Services would support and advise SIT in aligning the academic curriculum to match industry expectations.
- 1.10 Accent Engineering & Design Services would give an opportunity to SIT students for On Campus Interview selection with respect to Accent Engineering & Design Services's manpower requirements for hiring Engineering graduates.

2. Obligations

- 2.1 This MOU between SIT and Accent Engineering & Design Services shall not be exclusive to both parties and shall not disallow each party from having similar understanding with others.

2.2 Each party shall respect the other's intellectual property and shall not use any trade name, trade mark, symbol or designation belonging to the other, to the detriment of the other. No party shall hold out as an agent or representative of the other or create any liability for the other.

2.3 Both parties shall maintain confidentiality about any information, course material, plans, discussions, strategies, or any material, which shall be deemed to be confidential and marked accordingly. Any information, course material or the like in the public domain shall not be part of this commitment.

3. Limitations & Warranties

3.1 Each party shall ensure that the other is not put to any liability for any act of the respective party.

3.2 Each party represents that they have the full power and authority to enter into this MOU in general.

4. Validity

This MOU will be in effect from 01st June 2018 to 31st May 2021. At least one month intimation be given to other party as goodwill gesture prior to revoking the MOU.

5. General

Both parties will designate a representative from its side who will be the primary point of contact on behalf of that party.

By signing below the parties acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the date of signing of this MOU.

EXPERT SESSION REPORT: BUILDING INFORMATION MODELLING

On **June 1st, 2018**, S.P.B. Patel Engineering College welcomed **Mr. Dhaval Patel** from **Accent Engineering & Design Services** for an expert session on **Building Information Modelling (BIM)**. Attended by **27 students from the Civil Department**, the session aimed to explore the principles and applications of BIM in the field of civil engineering.

Mr. Dhaval Patel commenced the session by introducing the concept of BIM and its significance in modern construction projects. He elaborated on how BIM facilitates the creation and management of digital representations of physical and functional characteristics of buildings, enabling stakeholders to collaborate efficiently throughout the project lifecycle.

The session delved into various aspects of BIM, including 3D modeling, clash detection, quantity takeoff, and project scheduling. Mr. Patel demonstrated the practical implementation of BIM software tools and workflows, showcasing its benefits in improving design accuracy, reducing errors, and enhancing project coordination.

Furthermore, the discussion explored the integration of BIM with other technologies such as virtual reality (VR) and augmented reality (AR), offering immersive visualization and simulation capabilities for better decision-making and communication in construction projects.

The interactive nature of the session encouraged students to actively engage with Mr. Dhaval Patel, asking questions and participating in discussions about the potential challenges and opportunities associated with BIM implementation in the industry.

In conclusion, the expert session on Building Information Modelling led by Mr. Dhaval Patel provided valuable insights into the transformative role of BIM in civil engineering. The collaboration with Accent Engineering & Design Services enriched students' understanding of BIM principles and equipped them with practical skills essential for their future careers in the construction industry.

Memorandum of Understanding

This Memorandum of Understanding (MOU) is made and entered into on this day 03rd October 2018 between S.P.B. Patel Engineering College, Ahmedabad-Mehsana Highway, Linch, Mehsana 384435 (Saffrony Institute of Technology - SIT) and Virasat Developers having its main office at HO 162, Shukan Mall, Science City Road, Sola, Ahmedabad.

Whereas both the parties hereto have shown their willingness to enter into an MOU with the following objectives, mainly to enhance the quality of industry-academic engagement:

1. Objectives

- 1.1 Virasat Developers and SIT will on reciprocal basis provide guest lectures and training to their respective student on special topics of mutual interest.
- 1.2 To organize joint workshops, seminars, and programmes on subjects of contemporary interest in various fields of technology in various domains of engineering.
- 1.3 Based on research areas jointly identified, few interested students from the institute can take it as their research projects at UG level. The research projects could be carried out at SIT or at Virasat Developers locations in India.
- 1.4 Based on the themes / challenges / issues identified by Virasat Developers, a lecture series may be organized by calling experts (in house and outside). Industry experts could also be invited by SIT with an aim to fill the gap between curriculum and industry practices.
- 1.5 SIT would support Virasat Developers in research relating to operations / troubleshooting.
- 1.6 SIT will provide intellectual support for any event organized/sponsored by Virasat Developers and also work as knowledge partner in areas of mutual interest subject to prior consent of both parties.
- 1.7 Virasat Developers to support training for SIT students at its various locations and group entities at mutually convenient time.
- 1.8 Virasat Developers would provide industrial training (also called Industry Defined Project) and assign short-term project work to SIT students of various disciplines/branches of engineering.
- 1.9 Virasat Developers would support and advise SIT in aligning the academic curriculum to match industry expectations.
- 1.10 Virasat Developers would give an opportunity to SIT students for On Campus Interview selection with respect to Virasat Developers's manpower requirements for hiring Engineering graduates.

2. Obligations

- 2.1 This MOU between SIT and Virasat Developers shall not be exclusive to both parties and shall not disallow each party from having similar understanding with others.

- 2.2 Each party shall respect the other's intellectual property and shall not use any trade name, trade mark, symbol or designation belonging to the other, to the detriment of the other. No party shall hold out as an agent or representative of the other or create any liability for the other.
- 2.3 Both parties shall maintain confidentiality about any information, course material, plans, discussions, strategies, or any material, which shall be deemed to be confidential and marked accordingly. Any information, course material or the like in the public domain shall not be part of this commitment.

3. Limitations & Warranties

- 3.1 Each party shall ensure that the other is not put to any liability for any act of the respective party.
- 3.2 Each party represents that they have the full power and authority to enter into this MOU in general.

4. Validity

This MOU will be in effect from 03rd October 2018 to 02nd October 2020. At least one month intimation be given to other party as goodwill gesture prior to revoking the MOU.

5. General

Both parties will designate a representative from its side who will be the primary point of contact on behalf of that party.

By signing below the parties acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the date of signing of this MOU.

Expert Session on Flyash Bricks: Report

- **Date:** December 1st, 2018
- **Expert:** Mr. Santim Kankaria
- **Host:** Kankaria Properties Pvt. Ltd.
- **Topic:** Flyash Bricks and Their Manufacturing Process, Along with Benefits
- **Participants:** 16 students from the Civil Department

Key Insights:

- **Flyash Brick Production:** Mr. Santim Kankaria elucidated the process of manufacturing flyash bricks, detailing the raw materials required, the production process, and quality control measures.
- **Environmental Benefits:** The session highlighted the environmental benefits of flyash bricks, including reduced carbon emissions, conservation of natural resources, and mitigation of environmental pollution.
- **Cost-Effectiveness:** Students learned about the cost-effectiveness of flyash bricks compared to traditional clay bricks, leading to reduced construction costs and increased affordability.
- **Durability and Strength:** Mr. Kankaria discussed the durability and strength of flyash bricks, emphasizing their ability to withstand harsh weather conditions and structural loads, contributing to the longevity of buildings.
- **Interactive Learning:** The session encouraged active participation and engagement from students, fostering discussions on the practical applications and advantages of using flyash bricks in construction projects.

Conclusion:

The expert session on flyash bricks conducted by Mr. Santim Kankaria from Kankaria Properties Pvt. Ltd. provided valuable insights into their manufacturing process and benefits. The participation of 16 students from the Civil Department enhanced their understanding of sustainable building materials and their potential impact on the construction industry.

Memorandum of Understanding

This Memorandum of Understanding (MOU) is made and entered into on this day 01st April 2019 between S.P.B. Patel Engineering College, Ahmedabad-Mehsana Highway, Linch, Mehsana 384435 (Saffrony Institute of Technology - SIT) and Amin Infomark Pvt. Ltd. having its main office at Little Collins St, Melbourne, VIC 3000, Australia.

Whereas both the parties hereto have shown their willingness to enter into an MOU with the following objectives, mainly to enhance the quality of industry-academic engagement:

1. Objectives

- 1.1 Amin Infomark Pvt. Ltd. and SIT will on reciprocal basis provide guest lectures and training to their respective student on special topics of mutual interest.
- 1.2 To organize joint workshops, seminars, and programmes on subjects of contemporary interest in various fields of technology in various domains of engineering.
- 1.3 Based on research areas jointly identified, few interested students from the institute can take it as their research projects at UG level. The research projects could be carried out at SIT or at Amin Infomark Pvt. Ltd. locations in India.
- 1.4 Based on the themes / challenges / issues identified by Amin Infomark Pvt. Ltd., a lecture series may be organized by calling experts (in house and outside). Industry experts could also be invited by SIT with an aim to fill the gap between curriculum and industry practices.
- 1.5 SIT would support Amin Infomark Pvt. Ltd. in research relating to operations / troubleshooting.
- 1.6 SIT will provide intellectual support for any event organized/sponsored by Amin Infomark Pvt. Ltd. and also work as knowledge partner in areas of mutual interest subject to prior consent of both parties.
- 1.7 Amin Infomark Pvt. Ltd. to support training for SIT students at its various locations and group entities at mutually convenient time.
- 1.8 Amin Infomark Pvt. Ltd. would provide industrial training (also called Industry Defined Project) and assign short-term project work to SIT students of various disciplines/branches of engineering.
- 1.9 Amin Infomark Pvt. Ltd. would support and advise SIT in aligning the academic curriculum to match industry expectations.
- 1.10 Amin Infomark Pvt. Ltd. would give an opportunity to SIT students for On Campus Interview selection with respect to Amin Infomark Pvt. Ltd.'s manpower requirements for hiring Engineering graduates.

2. Obligations

- 2.1 This MOU between SIT and Amin Infomark Pvt. Ltd. shall not be exclusive to both parties and shall not disallow each party from having similar understanding with others.

- 2.2 Each party shall respect the other's intellectual property and shall not use any trade name, trade mark, symbol or designation belonging to the other, to the detriment of the other. No party shall hold out as an agent or representative of the other or create any liability for the other.
- 2.3 Both parties shall maintain confidentiality about any information, course material, plans, discussions, strategies, or any material, which shall be deemed to be confidential and marked accordingly. Any information, course material or the like in the public domain shall not be part of this commitment.

3. Limitations & Warranties

- 3.1 Each party shall ensure that the other is not put to any liability for any act of the respective party.
- 3.2 Each party represents that they have the full power and authority to enter into this MOU in general.

4. Validity

This MOU will be in effect from 01st April 2019 to 31st March 2022. At least one month intimation be given to other party as goodwill gesture prior to revoking the MOU.

5. General

Both parties will designate a representative from its side who will be the primary point of contact on behalf of that party.

By signing below the parties acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the date of signing of this MOU.

Expert Session Report: Current Trends in Web Development

- ❖ **Date:** 1st April 2019
- ❖ **Expert:** Mr. Abhay Sharma
- ❖ **Topic:** Current Trends in Web Development
- ❖ **Host:** S.P.B. Patel Engineering College
- ❖ **Company:** Amin Infomark Pvt. Ltd.

Introduction:

On April 1st, 2019, S.P.B. Patel Engineering College hosted an expert session on "Current Trends in Web Development," facilitated by Mr. Abhay Sharma from Amin Infomark Pvt. Ltd. The session aimed to provide insights into the latest advancements and trends shaping the field of web development.

Key Discussion Points:

- I. **Emerging Technologies:** Mr. Sharma delved into emerging technologies such as Progressive Web Apps (PWAs), Single Page Applications (SPAs), and serverless architecture, emphasizing their impact on modern web development practices.
- II. **Responsive Design:** The session highlighted the importance of responsive design in web development, focusing on techniques and frameworks for creating websites that adapt seamlessly across various devices and screen sizes.
- III. **User Experience (UX) Design:** Mr. Sharma discussed the significance of user-centric design principles and the integration of UX/UI trends such as microinteractions, chatbots, and voice interfaces to enhance user engagement and satisfaction.

Interactive Learning:

The session fostered interactive learning through discussions, case studies, and live demonstrations, allowing students to explore and engage with the latest tools and techniques in web development.

Conclusion:

The expert session on "Current Trends in Web Development," led by Mr. Abhay Sharma from Amin Infomark Pvt. Ltd., provided valuable insights into the evolving landscape of web development for the students at S.P.B. Patel Engineering College. The collaboration with Amin Infomark Pvt. Ltd. enriched students' understanding of the latest trends and technologies in the field, preparing them for future roles in the dynamic world of web development.

Memorandum of Understanding

This Memorandum of Understanding (MOU) is made and entered into on this day 01st May 2019 between S.P.B. Patel Engineering College, Ahmedabad-Mehsana Highway, Linch, Mehsana 384435 (Saffrony Institute of Technology - SIT) and Bharat Industries having its main office at 37, Suprabhat Industry Estate, Bardolpura, o/s. Dariapur Gate, Ahmedabad-380016.

Whereas both the parties hereto have shown their willingness to enter into an MOU with the following objectives, mainly to enhance the quality of industry-academic engagement:

1. Objectives

- 1.1 Bharat Industries and SIT will on reciprocal basis provide guest lectures and training to their respective student on special topics of mutual interest.
- 1.2 To organize joint workshops, seminars, and programmes on subjects of contemporary interest in various fields of technology in various domains of engineering.
- 1.3 Based on research areas jointly identified, few interested students from the institute can take it as their research projects at UG level. The research projects could be carried out at SIT or at Bharat Industries locations in India.
- 1.4 Based on the themes / challenges / issues identified by Bharat Industries, a lecture series may be organized by calling experts (in house and outside). Industry experts could also be invited by SIT with an aim to fill the gap between curriculum and industry practices.
- 1.5 SIT would support Bharat Industries in research relating to operations / troubleshooting.
- 1.6 SIT will provide intellectual support for any event organized/sponsored by Bharat Industries and also work as knowledge partner in areas of mutual interest subject to prior consent of both parties.
- 1.7 Bharat Industries to support training for SIT students at its various locations and group entities at mutually convenient time.
- 1.8 Bharat Industries would provide industrial training (also called Industry Defined Project) and assign short-term project work to SIT students of various disciplines/branches of engineering.
- 1.9 Bharat Industries would support and advise SIT in aligning the academic curriculum to match industry expectations.
- 1.10 Bharat Industries would give an opportunity to SIT students for On Campus Interview selection with respect to Bharat Industries's manpower requirements for hiring Engineering graduates.

2. Obligations

- 2.1 This MOU between SIT and Bharat Industries shall not be exclusive to both parties and shall not disallow each party from having similar understanding with others.

- 2.2 Each party shall respect the other's intellectual property and shall not use any trade name, trade mark, symbol or designation belonging to the other, to the detriment of the other. No party shall hold out as an agent or representative of the other or create any liability for the other.
- 2.3 Both parties shall maintain confidentiality about any information, course material, plans, discussions, strategies, or any material, which shall be deemed to be confidential and marked accordingly. Any information, course material or the like in the public domain shall not be part of this commitment.

3. Limitations & Warranties

- 3.1 Each party shall ensure that the other is not put to any liability for any act of the respective party.
- 3.2 Each party represents that they have the full power and authority to enter into this MOU in general.

4. Validity

This MOU will be in effect from 01st May 2019 to 30th April 2022. At least one month intimation be given to other party as goodwill gesture prior to revoking the MOU.

5. General

Both parties will designate a representative from its side who will be the primary point of contact on behalf of that party.

By signing below the parties acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the date of signing of this MOU.
